## Sede Congresso:

AULA 810 Policlinico Universitario Agostino Gemelli  
Largo Agostino Gemelli, 8  
Roma

ECM

ID Evento: 6364-381648

Per l'evento sono stati assegnati 7 crediti formativi E.C.M.

Figure Professionali accreditate:

**INFERMIERE**

**BIOLOGO**

**FARMACISTA**

**DIETISTA**

**MEDICO CHIRURGO**

Specializzazioni:

Gastroenterologia, Medicina e chirurgia di accettazione ed urgenza,  
Medicina interna, Chirurgia generale, Geriatria, Medicina Generale,  
Scienza dell'Alimentazione e dietetica.

## FMT in IBD

THE ROME MEETING

7 July 2023

### PRESIDENT:

Antonio Gasbarrini

### SCIENTIFIC COORDINATORS:

Franco Scaldaferrì  
Loris Riccardo Lopetuso

### SCIENTIFIC COMMITTEE:

Alessandro Armuzzi  
Giovanni Cammarota  
Fabio Cominelli  
Theresa Pizarro  
Maurizio Sanguinetti  
Severine Vermeire

### FACULTY

Alessandro Armuzzi, Milano  
Giovanni Cammarota, Roma  
Flavio Caprioli, Milano  
Fabio Cominelli, Cleveland, USA  
Sara Deleu, Leuven, Belgio  
Iris Dotan, Petah Tikva, Israel  
Federica Facciotti, Milano  
Massimo Fantini, Cagliari  
Gionata Fiorino, Roma  
Antonio Gasbarrini, Roma  
Paolo Gionchetti, Bologna  
Lihì Godny, Petah Tikva, Israel  
Gianluca Ianìro, Roma  
Lucrezia Laterza, Roma  
Loris R. Lopetuso, Roma  
Luca Masucci, Roma  
Sudarshan Paramsothy, Sidney, Australia  
Valentina Petito, Roma  
Daniele Piovani, Milano  
Theresa T. Pizarro, Cleveland, USA  
Daniela Pugliese, Roma  
Lorenza Putignani, Roma  
Jeroen Raes, Leuven, Belgio  
Davide Ribaldone, Torino  
Maurizio Sanguinetti, Roma  
Franco Scaldaferrì, Roma  
Herbert Tilg, Innsbruck, Austria  
Severine Vermeire, Leuven, Belgio  
Stefania Vetrano, Milano

## Program

7<sup>th</sup> July 2023

08:30 - 09:00 **Welcome coffee**  
**Participants Registration**

### Workshop: **MICROBIOTA, FMT IN IBD - THE ROME MEETING**

Chairs: *Franco Scaldaferrì, Loris Riccardo Lopetuso*

09:00 - 09:15 Greetings and introduction to the day *Antonio Gasbarrini, Maurizio Sanguinetti*  
09:15 - 09:30 Gut Microbiota: impact on intestinal diseases and beyond *Herbert Tilg*  
09:30 - 09:45 Role of microbiota in human and experimental models of IBD *Theresa T. Pizarro*

### **SESSION I: RESULTS OF THE FIRST CONSENSUS ON FMT IN IBD**

Chairs: *Severine Vermeire, Alessandro Armuzzi, Fabio Cominelli*

10:00 - 10:15 Rationale for Microbiota modulation and FMT in IBD *Valentina Petito*  
10:15 - 10:30 Donor selection, bio-banking and population study *Sara Deleu*  
10:30 - 10:45 FMT trials in IBD: what have we learned? *Loris Riccardo Lopetuso*  
10:45 - 11:00 Future perspectives *Lihì Godny*  
11:00 - 11:15 **DISCUSSION**

11:15 - 11:30 **COFFEE BREAK**

### **SESSION II: BUILDING EVIDENCE FOR FMT IN IBD: from trial to clinical practice**

Chairs: *Luca Masucci, Giovanni Cammarota, Flavio Caprioli*

11:30 - 11:45 What is missing from a metodologic perspective? *Daniele Piovani*  
11:45 - 12:00 Patient profiling: UC *Alessandro Armuzzi*  
12:00 - 12:15 Patient profiling: pouchitis *Iris Dotan*  
12:15 - 12:30 Microbiota profiling *Sudarshan Paramsothy (remotely)*  
12:30 - 12:45 Donor-microbiota matching? *Gianluca Ianìro*  
12:45 - 13:00 How to design future trials with FMT in IBD: lessons learned and moving ahead  
*Severine Vermeire, Jeroen Raes*

13:00 - 13:30 **DISCUSSION**

13:00 - 14:30 **Lunch**

### **SESSION III: BUILDING EVIDENCES ON PRE-PROBIOTICS USE IN IBD**

Chairs: *Stefania Vetrano, Gionata Fiorino, Daniela Pugliese*

14:30 - 14:45 Probiotic in IBD: where do we stand *Paolo Gionchetti*  
14:45 - 15:00 Butyric acid and other compounds: state of the art *Sara Deleu*  
15:00 - 15:15 Prebiotic and diet in IBD *Davide Ribaldone*  
15:15 - 15:30 New and emerging pre/pro/post- biotics: future in IBD? *Federica Facciotti*  
15:30 - 16:00 Guidelines on probiotic use in IBD: what is missing *Daniele Piovani*  
16:00 - 16:15 **DISCUSSION**

16:15 -16:30 **Coffee break**

### **SESSION IV EXPLORATORY SESSION: Immune modulatory drugs and microbiota**

Chairs: *Theresa T. Pizarro, Lorenza Putignani, Lucrezia Laterza*

16:30 - 16:45 Interactions between innate immunity and gut microbiota in chronic intestinal inflammation *Fabio Cominelli*  
16:45 - 17:00 Microbial and metabolomic predictors of response to anti TNF in patients with IBD *Daniela Pugliese*  
17:00 - 17:15 Microbial and metabolomic predictors of response to anti IL-23 and Jak pathway in IBD *Massimo Fantini*  
17:15 - 17:30 Microbial and metabolomic predictors of response to anti integrins/leukocyte trafficking in IBD *Flavio Caprioli*  
17:30 - 17:45 New horizons from clinical trials: emerging microbiota-targeted therapies in IBD *Gionata Fiorino*  
17:45 - 18:15 **DISCUSSION**

18:15 - 18:30 **Closing remarks and CME Test**
